

KK-1804 Digital Printer Machine

1~4 EPSON I3200 heads are optional

Detail display

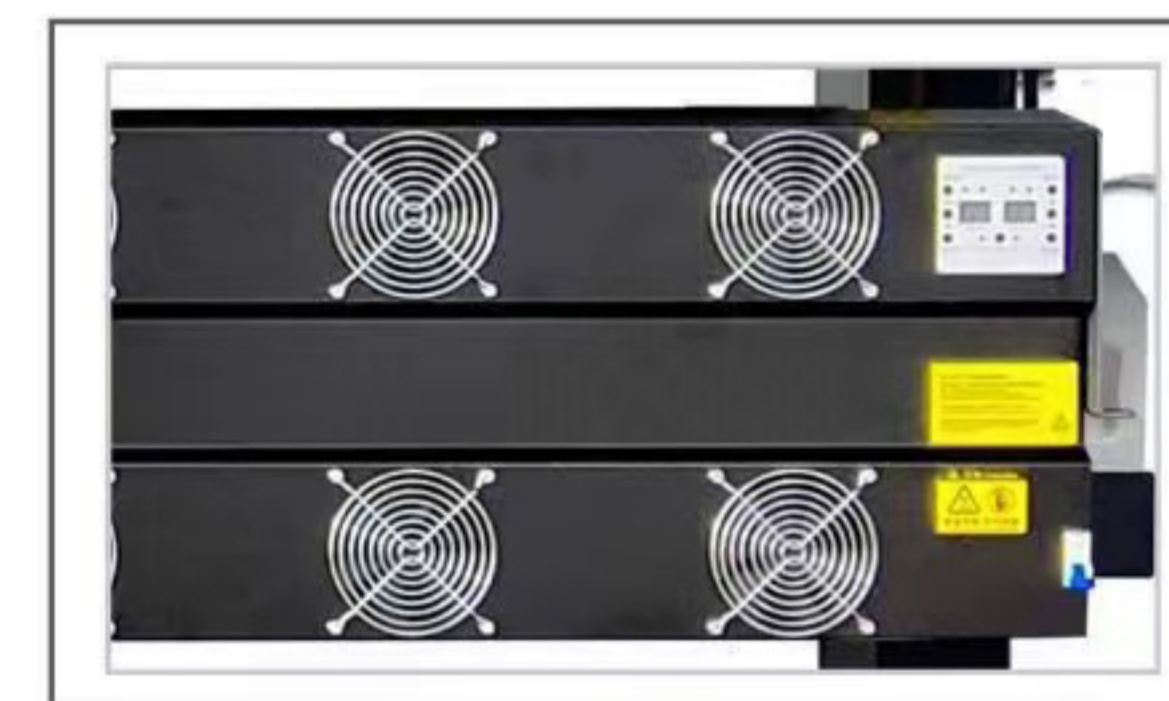

Front,platform,rear, Triple intelligent temperature control system

30R High speed feeding and take up system

Elevator carriage

High-precision printing platform

Parameter

Product model **KK-1804**

Head model	I3200		
Head qty	2	3	4
Max printing speed	3PASS 55m ² /h	3PASS 63m ² /h	3PASS 97m ² /h
	4PASS 40m ² /h	4PASS 57m ² /h	4PASS 76m ² /h
Printing media	Car stickers, lights sheet, wall coverings, etc.		
Ink type	Water based ink ,eco solvent ink,UV ink,sublimation ink,Pigment ink,etc.		
Transmission Interface	Gigabit Network Port transmission		
Media width	1850mm		
Voltage	220V/110V		
File format	PDF、JPEG、TIFF		
Print height	0~12mm		
Rip software	Maintop 6.0,PP,PF		
Operating environment	WINXP、WIN7、WIN10		
Ink supply system	Secondary positive pressure continuous ink supply system		
Heating System	Manual and automatic integrated intelligent drying and external triple dryer(hot air drying cold air), Printing & Collecting together		
Take up system	30R High speed feeding and take up system		
Machine weight	330KG		
Machine size:(L*W*H)	3180*760*1350(+170)mm		
Machine packing size(L*W*H)	3230*950*750mm		

Product Description

- 1、 High precision platform, with flatness fluctuation about 0-10 micro-inch,Make sure the printing platform is flat;
- 2、 Hoson Gigabit network port board, data transmission fast and stability;
- 3、 Leadshine double servo motor output to ensure running smoothly in XY direction;
- 4、 Double-rail lifting elevator frame, Height adjustment freely, no need to worry about material replacement;
- 5、 Lack of media alarm,intelligent drying, emergency stop switch,Automatic cleaning, Truly unattended;
- 6、 Manual and automatic integrated intelligent drying and external triple dryer(hot air+ drying cold air), Printing Collecting together;
- 7、 Double protection of the head, carriage anti-collision and physical head protection, effectively prevent accidental damage to the head;
- 8、 The one-piece central shaft is equipped with a large anti-static pressing wheel, which can adapt to a variety of materials printing, with precise stepping and worry-free splicing;
- 9、 Adopt original EPSON i3200 industrial head, high precision, fast speed, stable and durable, the first choice for customer;
- 10、 Compatible with 2 heads, 3 heads, 4 heads, water based, eco solvent, and UV configurations;
